The seniors started out their most important year by having their pictures taken by R-S-M studios at Bluffton. Soon afterward they selected their class play and presented it on October 15 and 16. The following week the group left for Washington D.C. and New York City with the Rockcreek seniors. Returning from the trip and settling back into the regular routine they were again interrupted by Christmas card and annual sales. Before Christmas vacation their name cards and invitations had been selected.

The year 1954 found the seniors selecting class colors of red and grey, measuring for caps and gowns and arriving at a motto. Intermingled with these activities were annual and school paper publications for some and various other activities for all.

Climaxing the most important year in the class of '54's life was the Commencement and Baccalaureate services.

The sophomore class started their year by electing their officers for the coming year. Soon after this the class ordered their class rings before Christmas and they arrived January 15, 1954. Everyone was pleased with the bargain they got from the Balfour Ring Company.

The class had a weiner roast at the State Forest in October and also held their annual Christmas exchange at the school.

They began to make money for their senior trip by having a scrap drive on October 12, 1953. They all worked gathering it and ate their dinner together at noon. The scrap was left at Pete Cole's house until it was sold at Bluffton for $40.25. Following this they held a bake sale at Thoma's making a profit of $30.00.

This class is approaching their goal as every other class at Liberty has done in the past few years.

August 24th found fifteen excited freshmen entering their first year of high school, with a mixed feeling of eagerness and dread. New subjects such as Biology and Algebra were taken for the first time.

Miss Grace Smith was the class sponsor who took them on their first high school party at the State Forest.

The class of '57 is looking forward to the next three years at LCHS with much anticipation.

SECOND TEAM PROGRESS

The second team started the season after going through two weeks of strenuous practice. They tried hard, but failed to break into the victor's column until about the middle of the season, when they won a decisive victory over the LaFayette Central team. The team showed a noticeable improvement in skill from the beginning of the season, and have accomplished quite a lot although they didn't have so good a win and loss record.
